## Our Vision

### Person Centered End-of-Life Care

Licensed professional nurses and aides guide patients and their support group through the end-of-life journey. On-call nurses are available 24 hours a day to answer questions or make visits. Nursing staff work with patients and families to set goals and manage symptoms throughout the hospice service.

**Goals:** Provide comfort through symptom and pain management. Offer support and compassionate care. Help patient achieve their personal goals while maintaining their dignity.

### Grief & Bereavement

Free grief & bereavement support accessible to all community members.

- One-on-one bereavement support
- Grief support groups
- Annual Remembrance Ceremony
- Port Angeles & Sequim

### Medical Equipment Lending

Medical equipment and supplies available to anyone in the community. No time-limits. No cost.

### Soul Care Program

Community programs that normalize discussions around end-of-life.

- Speaker Series
- Tea to Die For (Death Café)

## Our History

Volunteer Hospice of Clallam County is a 501(c)3 nonprofit organization. Our service area stretches from Diamond Point to Joyce.

Founded in Port Angeles in 1978 by Rose Crumb, the organization began with 7 enthusiastic volunteers and a vision of care and support for the terminally ill and their loved ones.

Since inception, all services have been provided free of charge to patients, families, caregivers, and the community at large. No government or private insurance agency is billed for services.

Our services come alongside and in partnership with the patient's existing care team.

## Volunteering

Volunteers play a vital role in Volunteer Hospice of Clallam County's services. Our volunteers reflect our mission and give freely of their time and talent, affirming life while serving others.

Volunteer opportunities are available for people of all backgrounds and ages. Some volunteers work directly with patients and families, offering respite, grief support, or spiritual care. Other volunteers deliver and maintain medical equipment, work in the office, serve on board committees, provide technical support, help with community outreach and development.

When you choose to volunteer, you become part of a dedicated team that provides quality care for hospice patients, their families and the community at large.
